

Tide Table 2 - North Atlantic Ocean & Arctic Regions 2017 (Admiralty Tide Tables)

Admiralty Tide Tables detail the times and heights of high and low waters for over 230 standard and 6000 secondary ports in the UK and Ireland, Europe, the Indian Ocean, South China Sea and Pacific Ocean for each day of the year. The tables outline methods of prediction, the effect of meteorological conditions on tides and provide additional information on exceptional tidal factors in each area. The tables are available from Admiralty Distributors worldwide.
