

The Vocabulary Diet, Book 2

The Vocabulary Diet includes 3 books of 30 reproducible units each, with 5 new vocabulary words studied in each unit. Each unit begins by studying the dictionary definitions of five words. Then three sample sentences are given for each word to show the words used in context. The students are then given five definitions per word and the students must circle the correct meaning. The students then work on a series of exercises to ensure new vocabulary is understood and remembered. There is a complete answer key.
