

Foreign Language Teachers and Intercultural Competence: An Investigation in 7 Countries of Foreign Language Teachers Views and Teaching Practices ... Intercultural Communication and Education)

Foreign Language Teachers and Intercultural Communication: An International Investigation reports on a study that focused on teachers beliefs regarding intercultural competence teaching in foreign language education. Its conclusions are based on data collected in a quantitative comparative study that comprises questionnaire answers received from teachers in seven countries: Belgium, Bulgaria, Poland, Mexico, Greece, Spain and Sweden. It not only creates new knowledge on the variability, and relative consistency, of todays foreign language teachers views regarding intercultural competence teaching in a number of countries, but also gives us a picture that is both more concrete and more comprehensive than previously known.
