

## A New Reference Grammar of Modern Spanish, 4th edition (Routledge Reference Grammars)

A New Reference Grammar of Modern Spanish is widely recognised as the standard English-language reference grammar of Spanish. It provides teachers and students of Spanish with a comprehensive, accessible and jargon-free guide to the forms and structures of the Spanish currently used in Spain and Latin America. This new edition has been carefully revised and updated, and its explanations have been checked against the findings of the Royal Spanish Academy's Gramática descriptiva de la lengua española and other new works in the field. Many new Peninsular and Latin American examples have been included, the English text has been thoroughly revised and in many places expanded or clarified. A glossary of grammatical terms has also been included. As a result this new version of B & B should now be invaluable to an even wider readership ranging from intermediate to advanced students of Spanish. A Workbook is available for use with A New Reference Grammar of Modern Spanish, 4th edition; Practising Spanish Grammar by Christopher J Pountain and Teresa de Carlos. ISBN 0340 66223 9
