

Speak Now: 3: Student Book with Online Practice

Communicate with confidence with Speak Now. With Video and Online Practice. Speak Now is a four-level speaking course which develops students communication skills both in and out of the classroom. Every activity in Speak Now includes a speaking component. Video activities are integrated every four lessons, providing real-life language models for students. Students can also improve their listening, speaking, and pronunciation skills outside class through Online Practice. Featuring new audio, students can practice their pronunciation through a speak and record function.
