

Leadership Marketing

What fundamental works when it comes to getting your customers to not only pay attention, but become raving fans of your brand, company or practice? You need to be the recognized expert. You need to be a published author. Leadership Marketing shows you WHY you need to be an author and how to pull it off. You can do most of it yourself or outsource nearly all of it. In this powerhouse, you'll find the strategy, resources and clear guidance to become an author...and the recognized expert in your field.
