

## Tracy Tam: Tooth Fairy Central

When Tracy Tam traveled to the North Pole, she discovered that Santas magic was running dangerously low. How does she plan to fix it? Get more magic of course. Through a story Santa told her and a book that belongs to her cousin Pim, Tracy discovers that magic comes from fairies. Tracy and Pim set a trap for a tooth fairy and follow him to his underground cavern in order to get the recipe for magic. Once there, the two of them find themselves smack in the middle of an ancient fairy war with Tracy on one side and Pim on the other. The girls must reunite, defeat a dragon made of rotten teeth, and stop the war. And after they do that, they still need to save Santa!
