

Vocabulary for New HSK(Level 1-3) (Chinese Edition)

Vocabulary for New HSK series is made up of three books (one for levels 1-3, one for level 4, and one for level 5), which are compiled based on the vocabulary of the latest HSK syllabus. Each vocabulary entry has pinyin pronunciation, part of speech, English annotation, collocations, and example sentences. Some vocabulary entries include synonyms or antonyms. Each unit includes 15 new words, with corresponding exercises designed to help readers master the usage of these words. With rich contents, this book can be used as a reference book for preparing new HSK, or for after-class review and self-study purposes.
