

# Who Moved My Job?: A Tale for Anyone with a Job That Has Yet to Move

When sheepdogs Winston, Charlie, and Blair find their idyllic life on an English farm disrupted by the arrival of lower-cost foreign herding dogs they embark on an adventure that changes their lives forever. Who Moved My Job? follows these three Border Collies on an adventure through London where they are locked in a home for stray dogs, live rough in a cemetery, and meet a wise old Staffordshire Bull Terrier before eventually finding how to apply the skills they learned on the farm to life in the city. It is a tale for anyone with an interest in globalisation. For anyone with an interest in how jobs and companies are changing. It is a tale for anyone with a job - a job that has yet to move. . .
